

Website Report

The RMLL Executive ratified the SportzSoft quote for the licensing and continuing use of the following SportzSoft products for the 2012 Season:

SportzSoft Admin – overall management of players, bench personnel and file creation for the ALA Registration System;

SportzSoft Team Standings/Team Stats – online management of team rosters, player stats and team standings as well as team administration access to teams for Franchise Certificates, rosters, team announcements, events and scheduling input;

SportzSoft Scheduler – input of time slots and development of Division schedules;

SportzSoft Publisher – maintenance of the RMLL website.

Enhancements implemented in the 2012 Season were mostly enhancements to improve the management of the information in the system. These enhancements included: improved facility and time slot management, additional tie break formulas and the ability to vary by Division, additional Referee Evaluation Reports, improved features to add players and to try and prevent further duplicates and fixes to goalie stats.

The “live score” functionality was utilized by the majority of teams this Season.

Amanda Thielen continued her role as the RMLL Webmaster and support help to the RMLL teams. With Amanda’s continued dedication and devotion, the RMLL website was again updated in a timely fashion making it an effective tool for communication and allowing the effective management of near 70 teams with scheduling, statistics, standings, rosters, news items and history.

The RMLL Executive accepted the quote from SportzSoft for the use of the SportzSoft software products for the 2013 Season. We will continue to refine and enhance our website with new functionality throughout the 2013 Season.

Christine Thielen
Executive Director, RMLL
